## MEET THE RESEARCHER

Allow me to introduce myself.  
My name is Carmel Suart.

I am a Doctor of Education student at the University of Notre Dame.

For the past ten years I have been a consultant with the Archdiocesan Catechist Service.

During the past four years I have been working in the area of family catechesis within the Archdiocese of Perth.

I have worked with many groups of parents throughout the State assisting them in their endeavour to nurture the faith of their children within the home.

## THE RESEARCH

My research is concerned with the ways families nurture the faith of their children within the context of family life.

I want to talk to parents about, how through the experiences of daily life, faith is nurtured within your home.

To do this, I would like to conduct face to face interviews with parents from within this parish who are in the target group.

## Target Group

I am looking for the parents of primary school children who do not attend Catholic schools to assist me in my research.

I will ensure that your responses will be treated confidentially and that all reporting will preserve the anonymity of each participant.

.....  
If you are interested in participating in this study please fill in the tear off slip on this brochure to register an expression of interest and return it to the place it in the red box in the foyer of the church or post to the address on the back.

Thank you.
