Hi [REDACTED], I am not sure if you remember me, but I was a Nurse CoDirector at OPH and SCGH a couple of years ago. I am now at Notre Dame lecturing in the School of Nursing and undertaking Doctoral studies. My area of interest is Clinical Governance with my study focusing on the Douglas inquiry. In my study I am looking at "outsiders" perceptions of change in relation to the areas of clinical accreditation and consumer participation. As well I am interested in identifying participants perceptions about what they perceive about the impact of the Douglas inquiry on any changes that may or may not have occurred in these areas.

I was wondering if you would be prepared to be interviewed for my study?

I am attaching a letter with information about the study and also the consent form for your perusal.

Please do not hesitate to give me a call to discuss.

Regards,

Heather Gluyas
